And it is worth a fortune because it is the means of giving health and strength to the weak and complaining—to you, reader. The following proposition is made by Dr.Greens, of 34 Temple Place. Boston, Mass., the most successful specialist in cering nervous and chronic diseases. Write him a letter, tell him just how you feel, and he will answer it, froe of charge, explaining your case so thoroughly that you will at once understand exactly what you will at once understand exactly what your complaint is. Every letter receives his most careful attention, he explains every symptom, telling just what to do to be cured, and for all this he charges nothing.

He is the discoverer of that wonderful medicine, Dr. Greene's Nervurn blood and nerve remedy, which is doing such enormous good among the suffering. This is the opportunity of a lifetime for every one, especially those living at a distance from large cities, to consult, entirely free, the most eminbat and successful of specialists. No free to pay and no journey to make. The doutor makes a specially of treating patients through letter correspondence, and you cannot do better than write him at once. You will without doubt be made strong and well by doing so. Thousands of others have. Don't delay.

These symptoms mean that the person is suffering from nervous dibility and that the whole actious system is becoming exhausted and enleaked. The ensequences of this condition are most learful. They cannot be nepleted in language too strong for the very hope of any success in lift depends upon the person's recovery. Many a physical and meantal wrock can be traced directly to this disease.

And what is the cure for this terrible calamity. What can they do to get well?

There is no man living who has done so much for this large class of patients as Dr. Greene, nor is there any branch of his practice in which this speculist has obtained such marvelous results. Seeing in his large practice the terrible results of this disease and knowing the inability of other physicians to cope with it, and indeed the failure of most of them to recognize such a compitant the Doctor determined to make this department in a special study. He scarched the laboratories of the world devoting years of study and coorne us some of nice y to learn positively the netion of every known herb on these parts.

His success has far exceeded his great est expectations. The combination of harmless, vegetable remedies he be a succession in hinging logicities and compounding for this complaint, is most wonderful. He has prepared remedies for this terrible physical and nervous weakness in men, so potent in their heating and strengthening power, so irrestable in their effects, and so permanent in their results, that there is no case which cannot be cured by them. They strike right at their vitalizing influence the

and under their vitalizing influence the downhearted and despondent person soon begins to feel a new life within blm, the eyes sparkle with health, the nerves become strong and steady, the mind regains its cheerfulness, the pallor and hollow cheeks disappear and the blood becomes rich and pure, sending renewed vigor and health throughout the system. He feels himself ready for any undertaking, the gloom and depression have gone, the step is firm and buoyant and the heart cheerful with hope and ambition. This is what Dr. Greene's remedies are doing overy day for these poor dies are doing every day for these p sufferers. Physician have always been in the habit of prescribing poisons for this disease, and the harm done by them is incalculable. Such poisonous drugs do not in the least build up and strengthen the system, they only impoverish the blood, weaken still more the already exhausted nerves, and make the justient worse than before taking them. Common sense will tell all thinking persons that harmless vegetable remedies which give renowed strength and vigor, are what are required in this, as well as all thronic and nervous systems.

in this as well as all bhroaic and nervous systems.

Thousands of unhappy sufferers all gover the land are constantly being cured by his wonderful remedies. If you belong to this class, do not delay, another moment, but consult Dr. Greene, take these remedies yourself and get well. For you will get well just as aurely as you take them. His office is at;31 Temple Place, Boston, Mass., where he consults with all, free of charge.

Another great blessing to these patients is the doctor's system of letter.

THE FIRST DAY Of the Annual Meeting of Penabacot Conference

Tuesday morning was rather cont but the warmth with which the delegates to the semi-annual meeting of the Penobscot conference of Congregational churches were received at Orono more than made up for this. The Congregational church was beautifully decorated for the occasion.

A devotional service conducted by Dencon J S. Ellis opened the session

This was followed by the business of the conference The records of the last conference were read by the scribe, Mr. J. S. Ellis. The communities committee was then appointed by the chair, Rev 5 D. Towne, of Old Town, Mr. Place, of the Hammond street church, Bangor, and Deacon Rubinson, of Brewer, moderator, Mr C S Pearl, then read the ravised constitution, putting special em phasis on important parts

Supper. Some of Bangor's Fines Three group photographs were hung to terday which are most interesting and well illustrate the growth of Bangor one way and another. They are photographs of the police force of this city at musing-no disrespect intended to deofficers—group consisting of Officers Walker, Gilman, Adams, Prut and Emerson, who formed the "watch" in 1850. This is the picture found by

group. Then there is a good likeness or like nesses, of the officers under Marshal Whitney, consisting of Officers Nickerson, Barnes, Bowen, Gilman, O'Leary Loftus, Dougherty, Davis, Fahdy, Tracy Bickford, Dolley and Knaide. The is a photograph of the force under Marshal Parker, consisting of Officers Davis O'Leary, Fahey, Tracey, Nickerson. Marvelous Results

From a letter written by Rev J. Gunderman, of Dimondule. Mich, we are permitted to make this extract. "I have no healt tion in recommending Dr. King's New Discovery, as the results were almost marvelous in the casa of my wife. While I was pastor of the Baptist Church at Rives Janction she was brought down with Paeumonia succeeding La Grippe. Terrible puroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Truit bottles free at Arn Wateren's Drug Store. Regular size 50c. and \$1.00. There are a great many stories told by kersemen about 1 atter Bill Daly One of the best is this.

Once at one of the trucks near New York he had a horse that was han. Daly prescribed hot baths for the horse a leg and gave it the first one himself lie got a pail of boiling water and stuck the horse seg into it. While he was holding the leg in the pail a tander hearted man happened along Here, he shouted, what are you doing.

In doctoring this borse a leg, replied Daly, in mild surprise.

Well, well said the tender hearted man that is an informal outrage. The dusty is the should not treating a horse file that water should not freating a horse file that water should not be shouted that waters boiling. I had so not be such torture. But water should be shouted that waters boiling. I had so not be shouted that waters horse to such torture. I but water shouling. Daly is not other nearest pain. Daly began to get mad.
